Re: Cypress View Foundation Safe Visiting Plan

Hello everyone

Visitor Update

In accordance with CMOH Order 16-2021 effective Monday, May 10th each resident will be able to name 4 Designated Family/Support Persons. Children under the age of 14 must be accompanied by an adult.

Entrance is through the main front entrance.

Visits can be pre-booked by calling Hilary 403-525-2200 or hhamilton@cypressview.org

In addition, visitors (ie. those other than designated persons) will be permitted indoor social visits in the common area at the end of the SRV wing. From 1:00pm to 9:00pm. Visits must be pre-booked for us to sanitize effectively. For indoor social visits, all visitors present at one time must be from the same household. Up to 4 individuals are permitted during these visits. (Physical distancing, continuous masking still in effect).

Individuals from different households may be involved in the indoor social visits just not at the same time as individuals from another household.

Outdoor Visits

Outdoor social visits with **up to ten people** (including resident) are permitted if space allows.

We understand the polarization of opinions and how difficult this has been to navigate. We appreciate your ongoing support and look forward to providing operationally safe and meaningful visits with your loved ones.

Justin Morris RN BN

Care Team Manager
